December 4, 2011

Gentlemen,

Enclosed is the revised proposal from Christ's Community Church's to host the ILSR 2012 Four Club Bus Tour.

This revision includes the following changes:

- 1) Removal of the snack bag provision
- 2) Pricing change to reflect the elimination of the snack bag
- 3) Change in the language regarding the insurance liability of the organization for damages incurred during the event

Our intention at CCC is to make this an event that is fully-staffed by the church, requiring as little effort as possible from club members, in order that you can concentrate solely on making the event a successful and attractive one for your members and attendees.

We will waive the facility rental fees in lieu of retaining the profit from the lunches as a fundraiser for the church.

You may contact me directly with any questions about this proposal.

I hope you will find this proposal fair. If approved by the ILSR, I will draft a contract for the ILSR and CCC to sign. Upon signature of that contract, CCC will officially reserve your requested dates.

Sincerely,  
Bob Poplin
